Profile

I have worked with various website projects, large corporation systems and complex academic projects. I love to work with front end development and user experience overall. Always looked at myself as a leader and have great attention to detail. Great team player, humble and smart.

Experience

DIRECTOR OF OPERATIONS, MAYSTAR CONSULTING; NEW YORK, USA – 2016-PRESENT

Web design consultancy. It is a start up business so I took care of many various tasks including; front end coding, design tasks, client relationship, task management, workflow, and Google Adwords.

PROGRAMMER, ANNATA; REYKJAVIK, ICELAND – 2015-2016

I was a back end programmer for Microsoft Dynamics AX. We were 8 team members working on updating to the new AX7. We worked with Scrum agile and I learned X++.

IT SUPPORT, ROBISON SCANDINAVIA; COPENHAGEN, DENMARK – 2014

I was working for a travel agency. Tasked with website projects, tour creative projects and client support. Learned more professional danish vocabulary.

PRODUCT OWNER, ICE-ROVERS; REYKJAVIK, ICELAND – 2013-PRESENT

My family business, we are renting out modified Land Rover Defenders. I take care of clients and the booking system. I also maintain our website.

WEB DEVELOPER, KAPTIO; REYKJAVIK, ICELAND – 2012-2013

I was a website developer and I built a few Wordpress sites. Where I learned HTML, PHP and CSS. Including configuring Salesforce for customers.
